In 1941, American naval officer Jeffry Williams is handpicked to serve at England s Bletchley Park on an Enigma code-breaking team with Colin Henricks and Kerra Dawes. They soon pick up on a series of messages codenamed the Doppelganger Project. Although they can discern how important it is to the Germans, they can t figure out what exactly they re plotting. With the German scientific advancements during the war continuing to amaze Allied forces, the code breakers know it s foolish to underestimate the Nazis. Do they have what it takes to decipher the puzzle-before it topples the Allies in a way no one can fathom?
