Planning Blended Worship: The Creative Mixture of Old and New is a guide to planning creative worship for congregations that follow the traditional fourfold pattern of worship (gathering, word, table, and dismissal), as well as for those who prefer a free-church, evangelical style or more contemporary or blended approaches to worship. Robert Webber designed this volume to show pastors, music directors, and other worship leaders the practical, structural, and theological steps for designing worship services characterized by biblical depth, historical awareness, and contemporary relevance. The author includes charts and forms at the end of each chapter that clearly show how music and other arts can be integrated with liturgical texts.
