

Building a Flourishing Organisation; Laying the Foundations for Success in an Increasingly Uncertain and Complex World

By Russell John Connor

Emp3books, United States, 2014. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.Building a Flourishing Organisation is a management book with a difference. It does not offer a magic formula. There are no short cuts or quick fixes. Russell John Connor seamlessly combines existential philosophy, leading edge sociological theory and thirty years experience of being a manager, coach and consultant to provide a framework for reflection. Reflective thinking turns experience into insight, which leads to the widening of choice. This is an ideal resource for leaders and game-changers and anyone interested in building flourishing organisations where there is a dynamic link between high-performance and being a great place to work. REVIEW This is another thought-provoking and practical book by Russell John Connor that challenges many orthodoxies of management theory. With an audit framework offering the basis for reflective conversations and insightful choice, the book will be invaluable to any leader seeking successful change and sustainable high performance in a dynamic context. Linda Holbeche PhD, Co-Director of the Centre for Progressive Leadership.

Reviews

This written publication is wonderful. It really is loaded with knowledge and wisdom You will not really feel monotony at at any time of your time (that's what catalogues are for relating to if you ask me).

-- **Desmond Becker**

Absolutely essential go through publication. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of the time (that's what catalogues are for regarding if you ask me).
